THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (KUMARI GTRIJAVYAS) :
(a) to(c) A high power (lOKW)TV transmitter in replacement of the existing low power (lOOw) TV transmitter is under implementation at Jahalpur. This transmitter was initially planned to be commissioned during 1991-92. However, there has been delay in construction of the tower as excavation of hard rock bottom at the tower site, by blasting, was not allowed by the local authorities because of a building existing nearby. This had, therefore, to be done by chiselling which took considerable time. Besides, difficulties were encountered in procurement of requisite quantity of cement and steel. Presently, the construction of transmitter building has been completed and the tower height has reached 50 Mtr. as agsinst the proposed height of 220 Mtr. The transmitter and TVRO equipment have also been installed. Pending completion of the permanent tower, the transmitter has been installed on a temporary mast, as an interim set-up, and has started giving test transmissions on a reduced power of 1 KW. As per present indications, the TV transmitter is envisaged to be commissioned into service on its full radiating power by the middle of 1993.

Formulation of guidelines for air and Doordarshan

1318. SHRI MOHINDER SINGH LATHER : Will the Minister of INFORMATION AND BRAOD-CASTING be pleased to state :

(a) whelther Governmnt have formulated any guidelines for Doordarshan and AIR in regard to the coverage of demonstrations, rallies, vatras of political parties in the country, if so, the details thereof; and
